DETAILED ACTION

Allowable Subject Matter

1. Claims 1-19 and 21-28 (renumbered claims 1-27) are allowed.
2. The following is an examiner's statement of reasons for allowance for independent claims 1, 2, 5, 7, 9, 15, 16, 17, 18, 21 and 22. The prior art fails to disclose detecting variations of ground objects between reference line drawing and displaying ground objects, which can be judged to have variation, which cannot be judged as to whether there are variations, or not on the basis of said variation indexes. This feature in combination with other features is not taught in the prior art. The remaining claims depend on the independent claims. Therefore are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
